NONDISCRIMINATORY POLICY

MISSION

Schechter nurtures and inspires the next generation of creators and thinkers to make positive change in the global community through dynamic, forward-looking models of education guided by Jewish principles and values.

VISION

The Solomon Schechter Day School of Greater Hartford graduates students who are bold, creative, resilient and flexible; students who know how to ask questions and learn, who are guided by a solid moral compass and a sense of urgency to improve the world. Schechter graduates will be positioned to contribute in a meaningful way to both the Jewish and American communities and be outstanding role models for goodness.

SCHECHTER CORE VALUES

Schechter Core Values guide behavior and decision making on all levels of the school community. Each individual member of the Schechter community agrees to uphold these Core Values. Please take the time to read them carefully and discuss them with your children.

***Hokhmah* – חכמה – Wisdom**

Deep learning happens both between teacher and students as well as among peers. Our students transform knowledge into wisdom by learning to think through multiple perspectives of an issue, ask complex questions and present thoughtful responses and solutions. Schechter develops students' ability to live with uncertainty, to embrace wonder and know that not everything demands concrete answers.

***K'lal Yisrael* – כלל ישראל – Community**

Our strength is rooted in the ideal that inter-personal connections and networks sustain individuals as well as communities. The Schechter community is multi-generational, cross-grades, reaching beyond the walls of the school to Greater Hartford, the United States, and the global Jewish community with deep connections to Israel.

***Lev Tov* – לב טוב – Good Heart**

The habits of the heart developed at Schechter are extended beyond our walls on a regular basis, providing our students with both the values and action necessary to live with a good heart. Schechter nurtures members of our community to develop deep empathy for all living creatures and the ability to be guided by that insight. Everyone deserves the opportunity to make amends and grow.

BOARD OF TRUSTEES

THE CHILD AT SCHOOL

School Hours

Grades K-8

Monday, Tuesday, Thursday, Friday (EDT)

Student arrival 8:00 a.m. – 8:20 a.m.

School day 8:30 a.m. – 3:30 p.m.

Wednesday (year-long), Friday (EST: November 12 - March 11)

Student arrival 8:00 a.m. – 8:20 a.m.

School day 8:30 a.m. – 2:30 p.m.

Extended Day available until 6:00 p.m.

(3:30 p.m. on Short Fridays in the winter)

Early Childhood

Monday, Tuesday, Wednesday, Thursday, Friday

Student Arrival 8:20 a.m. – 8:25 a.m.

Morning Program 8:30 a.m. – 12:45 p.m.

Full Day Program 8:30 a.m. – 3:30 p.m.

Late Afternoon Program 3:30 p.m. – 6:00 p.m.

(3:30 on Short Fridays in the winter)

Drop Off

To give students time to greet their peers and get organized for the day, we recommend dropping off your children before 8:20 a.m. each day. **Punctuality is a life skill and a sign of respect for others (*Community – Klal Yisrael*), which is one of our core values.** Arriving late on a regular basis has a detrimental effect on a student's learning and disrupts the learning of other students. **We ask that you take this value to heart as you plan your morning routines.** Frequent and repeated tardiness may require a conference between student, parent and the school and may result in administrative action. Students are not considered tardy if their bus is late.

Students who arrive after the 8:30 bell should report to the office to sign in and obtain a late pass.

Students Arriving by Car

Families will pull into the "circle doors" (on the east side of the building), where they will be greeted by faculty and staff. They will exit their car with masks on, enter through the circle doors, and proceed to their classrooms. Classroom teachers will be there to welcome the students and help them get situated.

During the first few weeks of school, children in EC-Parparim will be escorted to their classrooms. As part of our efforts to help students become independent, we will encourage them to make their way to classrooms after that point.

Students Arriving by Bus

Students will exit the bus with their masks on, and proceed down the sidewalk to the circle doors. They will be greeted by staff, enter, and go directly to their classrooms. If the faculty/staff determine, at their sole discretion, that student is unwell, the student will be escorted to the nurse's office and the child's parent(s) or guardian(s) will be called to promptly pick up their child(ren). The student(s) to be picked up will remain in the new designated (isolation) room adjacent to the nurse's office.

Pick Up

If your child must leave school early on a particular day, please notify **the office and teacher** in advance. *It is essential that the office is notified. Change of transportation plan may not only go to the classroom teacher.* When picking up your child, please come into the school office and your child will be called to the office. Students must be signed out of school in order to be released.

If someone other than yourself, or identified caregiver, will be picking up your child after school, please notify the office in advance, in writing. Both written notes and emails are accepted. The school will not release a child to anyone other than the parent or identified caregiver without such written notice.

If your children generally ride the bus, **please notify the office in advance, in writing, of any changes.** If for some reason this is not possible, please call the office prior to 12:00 noon so we can make appropriate arrangements.

Early Childhood students who go home at 12:45 will be walked to the front of the building, where parents may pick them up.

At 3:30, students will gather for dismissal. Students who go home by car will gather outside by class, weather permitting, and be picked up by the circle. Buses will collect students at the front entrance

If you are unavoidably delayed at dismissal time, please notify the school office at least ten minutes before the scheduled pickup time. If your delay is more than fifteen minutes, your child will be sent to aftercare at **a cost of \$10 an hour or part thereof.**

Attendance/Absences

Regular attendance is essential for academic progress and social growth. Parents are urged not to schedule vacations during school days and to avoid scheduling medical appointments during school hours when possible.

- **Please do not send children with fevers, serious coughs, or serious colds to school.** For details, please see the Health Policies section below.
- If your child will be absent, please contact the office as early as possible by calling 860-561-0700 x300.

- In Tziporim, Parparim and Rimonim (K-3), teachers are primarily responsible for helping students to catch up after absences; in Gesher and in the Rogow Middle School (4-8), teachers will help, but students are responsible for asking about missed learning and assignments. Middle School students can check Google Classroom to find out what has been assigned.
- If you do choose to plan a family trip when school is in session, you are also responsible for notifying teachers at least two weeks in advance. Teachers will do their best to prepare learning materials and assignments so that your child(ren) can rejoin school as smoothly as possible when they return. However, please note that many learning activities such as science labs, discussions, and group work cannot be made up outside of school.

Telephone Communication to Students

- The School Office will only accept urgent phone messages for students. In cases of emergency, the office staff will deliver a message to a child's teacher.
- Students may not use the telephones in any classroom in the school, but may use the phone in the main office in case of emergency.
- Students may not use cell phones in the school building. We discourage students from bringing them to school.

Emergency Communication System

Schechter will be using the **FACTS Parent Alert System** to make announcements about weather-related school closings and other emergencies. Parents will be notified of any school cancellations, early closings, or late openings via the FACTS Parent Alert System. **Schechter follows the cancellation practices of the West Hartford public school system.**

When the Town of West Hartford notifies us about a **delay in bus service**, we will relay that information to you though either the FACTS Parent Alert System or email.

The FACTS Parent Alert System allows you to establish multiple points of communication and to designate times of the day in which they will each be active. You will receive separate notification about how to set-up your account. Returning families should review their profile to ensure that it is accurate.

HEALTH POLICIES

Health Services

The Town of West Hartford provides nursing services for our school. The school nurse is available at all times during the school day. The school nurse is the point person for all matters concerning the health of your student. Should you have a health related matter to discuss, please contact our Nurse, Brenda Masterson, at nurse@ssds-hartford.org or at extension 356.

Health Records/Immunizations

Connecticut State law requires that immunization records be completed and presented to the school prior to opening day in order for a child to be admitted to class. A physical examination form completed by a licensed physician or nurse practitioner must also be submitted for each student.

Minor Complaints

Students experiencing minor discomfort will be treated appropriately by the school nurse, or designated school personnel. If a student is not well enough to remain in class or is found to have a contagious condition, the parent will be called to take the child home. If this happens, please arrange for an appropriate and safe pick up within 60 minutes of notification.

Parents are asked to notify the school if their child experienced any symptoms of illness and/or took any medication before coming to school.

Emergency Form

Each student must have a current, accurate, signed Emergency Form on file in the office, listing alternate emergency contacts who can be easily reached and who have agreed to take full responsibility for the child's care if the parent cannot be located. On days when a child's health is questionable, be sure to let us know which parent(s) or other contacts will be available. **This form, sent as part of our August e-mail, must be completed electronically before the first day of school.**

Emergencies

In the event of a medical emergency, Emergency Medical Services (911) will be contacted when appropriate, and parents will be notified immediately. If the parents cannot be reached, the child's physician and emergency contacts will be notified. If transport is necessary, Emergency Medical Services will take the child to the hospital.

Contagious Conditions

If a child develops a contagious illness or condition, please keep the child at home and notify the school at once. If the condition is discovered at school, we will ask parents to pick up the child immediately.

Children with diarrhea, vomiting, fever, heavy cold symptoms, conjunctivitis, or a rash of unknown origin should be kept at home until the condition is properly diagnosed and treated. Please keep your child home at least 24 hours after illnesses that involve vomiting, diarrhea, or fever. If a child develops any of these conditions while at school, we will ask you to pick up your child immediately.

Dispensing Medication

Connecticut state law requires that all medications, both prescription and over the counter, be stored securely in the office. They will be dispensed by the school nurse or by properly trained and supervised designated school personnel. **Students may only carry their own medication if special arrangements have been made with the school nurse (e.g. asthma inhalers).**

If your child requires medication during school hours, state law requires that the following guidelines be observed:

- Medication must be brought to school in the original labeled container from the pharmacy/physician. (Pharmacists will provide a second labeled pharmacy container for school if you ask.) For safety, we request that you put the medication securely in a sealed, labeled envelope and enclose a signed instruction note.
- All medications must be turned in to the office when the student arrives at school.
- A parent or guardian must fill out and sign a Medication Order Form (available on our [website](#) under the Forms section of the Parents tab).
- A licensed prescriber (e.g. physician or nurse practitioner) must fill out and sign a Medication Order, except in cases of short courses of prescribed medications (i.e. antibiotics) that are delivered in a labeled pharmacy container.

No more than a 30-day supply of medication should be brought to school. Emergency medications (i.e. asthma inhalers, allergy medications, Epipens) may be kept in the office for the duration of the school year as long as they meet the above requirements.

Certain over-the-counter medications (i.e. Tylenol, Ibuprofen, Benadryl) may be dispensed, with parental permission, by the school nurse. The form to grant permission is available on our [website](#) under the Forms section of the Parents tab; it is called the Acetaminophen Order Form.

* The school nurse is on site until 3:30 each day (or 2:30 on Wednesdays and short Fridays.) If your child requires an Epipen, a second one is required for our Extended Day Program.

Pediculosis (Lice)

Head lice are a communicable condition common among children. Lice are usually transmitted by direct contact with infested persons through their clothing, combs, brushes, or other implements that touch the hair. Please remind children that hats, *kippot*, combs, brushes, barrettes, etc. may **not** be shared.

A student found to have lice will **NOT** be excluded from school. The parent of the student will be notified of the findings, the need for treatment, and provided with educational information on Pediculosis and how to treat it. The student can return to school once treatment has occurred. ***If your child is noted to have lice, please keep long hair up in a ponytail.***

Medical Absences

Students returning to school with a medical diagnosis of concussion, or a condition requiring orthopedic appliances such as crutches, a brace and/or a cast **must** have a medical note from a physician clearing the student to return to school and indicating any necessary

accommodations.

RESPECTFUL DRESS

At Schechter, students play, pray, study, think, solve problems, and ask questions. What we wear helps to set the tone for the way we feel and interact with others and the environment. Consistent with our Core Values and recognizing the importance of a safe and respectful learning environment, Schechter has developed the following guidelines for students. These guidelines are in effect at all school functions, including class trips, family education programs, social events, and at graduation in June.

If a student comes to school or a school program improperly dressed, parents may be called and asked to deliver a change of clothing.

Footwear

- Students must wear sneakers to Physical Education classes.
- Students must wear closed shoes or sneakers (no open-toed shoes) to Science Labs.
- Students may not wear flip-flops at any time.

Pants-Shorts-Skirts

- Pants must be neat and clean without excessive rips or tears, and with no writing on the backside.
- Shorts, dresses and skirts must extend, at minimum, past the mid-thigh, and must be worn at waist level (so that underwear does not show).
- Pajamas, pajama pants and scrubs may only be worn on designated Pajama Days.

Shirts/Tops

- Shirts/tops must cover the torso.
- Shirts and tops should not contain inappropriate language.

Kippot

- Boys wear *kippot* at all times, including at school-related activities outside the building, except for recess, PE, and team sports. Girls are encouraged to wear *kippot*.

Dress for RELISH

To help create a sense of communal unity and anticipation of Shabbat, we ask that on Fridays, students wear a Schechter shirt.

SCHOOL LUNCHESES AND SNACK

Note for 2021-2022: Based on current public health advice, and current rates of Covid infection (July 2021), students will be eating in the cafeteria, appropriately distanced. We will monitor rates and follow all relevant guidance as the year progresses.

Students can bring a dairy or *pareve* lunch from home. (According to Jewish practice, fish is not considered meat, so kosher fish such as tuna is permitted.) For *kashrut* and safety reasons, students may not share snacks or lunches, and we cannot heat food at school.

School lunches can be purchased by signing up prior to each month. Monthly menus are available on the school's website www.ssds-hartford.org, and students may sign up for the particular days they desire lunch. All meals are *kosher*.

- Lunch menus are released a few months at a time. Lunches are either dairy or meat, depending on the day. Please note: on meat days, lunches brought from home must still be dairy or *parve*.
- Early Childhood lunches are offered on Monday through Friday.

Students are welcome to bring a nutritious *dairy/pareve* snack. Suggestions for snacks include: fruit (fresh or dried), cheese, vegetables, yogurt, crackers, and bagels with cream cheese (already spread). Please do not send soft drinks or candy to school.

Note on nuts and allergens:

Our kitchen, and is nut free, as are our school lunches.

Due to the severity of allergic reactions to tree nuts and peanuts, and to the fact that some pre-school children may have an undiagnosed nut allergy and be too young to express that they are experiencing signs of an impending allergic reaction, **we are adopting a nut-sensitive policy for all of our Early Childhood classrooms as of the 2021-2022 school year.**

- No food items that contain "peanuts" or "tree nuts" as a listed ingredient
- No food items that state that they "may contain traces of peanuts and/or tree nuts," should be sent to school.
- You may send items whose ingredient label states "processed in a facility that also processes peanuts and/or tree nuts" or "manufactured in a facility that also processes peanuts and/or tree nuts".

In grades K-8, for now, nuts and nut products are permitted in classes in which no students have any nut allergies. Classes in which a student or students have diagnosed allergies will adopt nut-sensitive policies. Parents in such classes will be informed by the school nurse.

Birthdays

We have adopted a "food-free" birthday policy for in-school celebrations. Each class decides on creative ways to celebrate their birthdays. Please do not send in any food products for your child's birthday.

COMMUNICATION

Schechter recognizes that education is enhanced through the family-school partnership. Our family-school partnership is based on our shared goal of helping each student achieve his/her potential in a safe and nurturing environment. The home-school partnership is fostered through parent-teacher and other communications outlined below.

Teacher to Parent Communication

Curriculum Night: Each fall, parents have the opportunity to meet their child's teachers and learn about the curriculum for the year. Parents are strongly urged to attend this important and informative evening. To allow you to see your children's immersive and creative classroom learning environments, to foster a strong relationship with your children's teachers, and to minimize the inevitable technology challenges that come with Zoom, **we are currently planning to hold these in-person, with appropriate distancing protocols.** We will share more details soon; please check the updated school calendar on the school website for dates and times.

Teachers will contact parents by phone or email if concerns about a specific student become evident, including missing assignments, poor assessment scores, or behavior-related concerns.

We hold *Parent-Teacher Conferences* about student progress in November and March. We are currently planning to hold these in-person as well; details will follow.

Report Cards are sent home in January and June.

Parent to Teacher Communication

Parents should not hesitate to call or email teachers with questions and concerns. All Schechter staff have email addresses consisting of the first initial of their first name followed by their last name, and ending with @ssds-hartford.org. They are expected to check voice and email regularly, and to return phone calls and reply to e-mails within one business day (and excluding Shabbat and Jewish holidays). Teachers are not available to speak with parents at drop-off or pick-up times, or when they are teaching a class.

If a parent still has concerns **after** discussion and follow up with a teacher, please contact Robin Werner, Early Childhood Coordinator, for EC concerns, and Sarah Montag, Director of Teaching and Learning, for K-8 concerns.

Website and Social Media

We encourage you to check the Schechter Facebook page for exciting pictures and updates about special events, programs, trips, etc. Our website, www.ssds-hartford.org, is the best place to look for calendars, special dates, and other resources for parents (such as supply lists, medical forms, and more).

RECESS

Schechter students enjoy recess outside each day unless it is determined otherwise. All students should dress appropriately each day for the weather. If a child does not have a coat, a

parent may be called to bring one to school or the child may be required to stay indoors for recess. In the winter, it is expected that all students are prepared to play outside in the snow.

PERSONAL POSSESSIONS

Schechter students learn to be responsible for themselves, their behavior, and their belongings. Please help them to do so by labeling clothing and personal items that come to school, and by refraining from sending expensive personal items and electronics to school. The school does have a Lost and Found box that will be located in the cafeteria. Items not claimed by the end of the school year are given to charity.

To avoid classroom distraction and jealousy, we ask that students generally not bring toys to school, unless teachers have asked them to do so.

STUDENT BEHAVIOR

At Schechter, we are committed to assuring that each child has the opportunity to learn in the best environment possible. Such an environment is respectful, honest, emotionally and physically safe, and focuses on the individual learning needs of each student. It upholds, at all times, Schechter's Core Values of Wisdom/*Hokhmah*, Community/*Klal Yisrael*, and Good Heartedness/*Lev Tov*.

With *Lev Tov* (Good Heartedness) as our guide, we are committed to ensuring that our students feel safe, heard and part of the community. We believe that growing children need explicit guidance to adopt kind behavior; they also need clear boundaries and consequences to address their negative behavioral choices.

Our basic orientation aligns with the philosophy of "restorative practices": when students misbehave, our primary response is to teach them to change their behavior and repair the damage they may have done to other students and to their community. It carefully balances the individual and the school, builds and maintains a positive classroom community, sets explicit classroom norms, and incorporates a system for cumulative consequences for 4th-8th graders. This approach does not eliminate consequences such as in-school suspensions for repeated misbehavior, but it focuses on education and personal change instead of on punitive consequences.

Classroom Norms/B'rit. During the first week of school, each classroom works as a community to develop a *b'rit*, or social contract, which is then used as a guide for classroom behavior. Students discuss strategies for remedying problems in the classroom as a first step. If necessary, teachers will contact the families to discuss on-going issues to create a cohesive plan to help the student.

2021-2022 SCHECHTER RESPONSIBLE USE POLICY (RUP)

The Schechter wireless network is established for the educational and professional use of Schechter students, faculty and staff. When accessing the network from any device, personal or school-owned, students are expected to be respectful and responsible digital citizens. Any online actions by Schechter students should be consistent with the rules and values represented in the Schechter Student Handbook. Students will be held accountable for their use of the network—this access is a privilege, not a right, and may be revoked at any time if abused. Students may be given access to accounts created by the school, including, but not limited to, Google Apps accounts. Use of these accounts is subject to the guidelines set forth in the RUP.

To ensure the safety and security of the Schechter network, any and all activities on this network may be monitored and logged. This information can be retrieved, as necessary, if a violation of the RUP is suspected. Devices may only be used in class at the discretion of the teacher. Violations of the RUP may result in loss of computer privileges or other appropriate responses as guided by a restorative practice approach. Access to the Schechter network is contingent upon students and their parents/guardians reading and signing the RUP.

*Students are responsible for the stewardship of their chromebooks, including maintaining the general tidiness and care of the devices. ***Parents/guardians are solely responsible for covering the cost to replace or repair any student chromebooks, chargers, and protective cases that have been lost or damaged beyond repair as deemed by the Director of Technology.***

While using technology at Schechter, students are expected to uphold Schechter's Core Values by meeting the following expectations:

Respect – I will remember that we are all created *B'tzelem Elohim*, in the image of God, and I will speak/write kindly and respectfully of others. I will not plagiarize other's words or intellectual property. I will not access or alter another person's files. I will properly cite my sources when using others' ideas, words, pictures, music, video, etc. I will truthfully represent my identity in any online interactions. These interactions can include forums where intellectual debate often occurs. I will make sure to keep these debates respectful.

Educational Leadership – I will be a role model when interacting online. I will not post anything online that I would not want friends, parents or teachers to see. I will respect others and think first before any online interactions.

Responsibility – I will use responsible language. I will not swear or use vulgarities or any other inappropriate language. I will not navigate to websites that I know contain objectionable or inappropriate content. In addition, I realize that school-owned technology is for the use of all students and faculty. Therefore, I will handle these items with care. Finally, I understand that it is my responsibility to charge my device each night and anytime during the day when I'm instructed to do so by my teachers. If I do not charge my device at night, I will not be guaranteed a spare chromebook to use.

Culture of learning - The use of computers in the classroom and access to the Schechter network are privileges maintained by appropriate use, all so students can

learn. I will not abuse this privilege for my own personal amusement or entertainment at the risk of disrupting the classroom setting.

Restorative Practices:

Chromebooks/iPads - Each situation will be handled individually depending on the severity of the abuse. Violations may result in loss of computer privileges or any other appropriate actions. Schechter's commitment to fostering a good sense of Digital Citizenship encourages students to learn and grow from their mistakes in a safe, supervised environment.

Cell phones - During the school day, students are not allowed to use cell phones. If a cell phone is visible without permission, it will be kept safely for the rest of the day.

Use of technology outside of school - Inappropriate use of the Internet and electronic devices outside of school can greatly affect a student's relationship with peers while at school. The inappropriate use of electronic media includes, but is not limited to:

- hurting or teasing
- public humiliation
- making real or false accusations,
- posting of pictures or video on social media without the permission of all the people depicted
- harassing phone calls or postings

These behaviors will not be tolerated, and consequences of these actions will be implemented at school when the school and learning environment has been impacted by these actions.

AFTER-SCHOOL PROGRAMMING

EC2 - Grade 8 Program

Schechter will offer its Extended Day Program - **Tzaharon** for students in EC2 through 8th Grade, from 3:30-6:00 p.m. each afternoon, with an earlier end time on Wednesdays and on Fridays during the winter. Students who participate will have a chance to do homework, have a snack (please provide your own dairy or *pareve* snack) and participate in a variety of physical activities (both indoors and outdoors) and/or game time. **Please note that there is no Extended Day Program/Tzaharon on half days for holidays.**

We also hope to offer additional after-school activities, both sports and arts; details will be forthcoming.

To sign up for Extended Day/Tzaharon on a yearly basis or drop-in for K-8th grades, please contact Karen Shakun at 860-561-0700 ext. 368, or by email at kshakun@ssds-hartford.org.

GUEST POLICY

As a general rule, students are not allowed to bring guests to school. If a friend or relative is a potential student and wants to visit our school, arrangements should be made through the

admissions office. Please contact our Admissions Coordinator, Karen Shakun, at kshakun@ssds-hartford.org.

JEWISH LIFE

Kippot

- Boys wear *kippot* at all times, including at school-related activities outside the building, except for recess, PE, and team sports. Girls are encouraged to wear *kippot*. Clips or bobby pins may be used to secure *kippot* during activities. There is to be no sharing of *kippot* or other headwear.

Tallitot

- Boys and girls both wear a *tallit* during prayer service after they make their own *tallit* in 5th grade.

Tefillin

- Boys wear *tefillin* at *tefillot* (prayer services) starting at the beginning of 7th grade, or 6 months before their service of Bar Mitzvah, whichever comes first.
- Girls wear *tefillin* for the first three months of 7th grade at *tefillot* (prayer services), and are encouraged to do so afterward.
- For more information about *tallit* and *tefillin*, or if you have questions or concerns regarding these practices and your child, please contact Rabbi Steve Chatinover (schatinover@ssds-hartford.org).

Kashrut (Jewish Dietary Laws)

Schechter is committed to building a community in which Jewish values are lived, and in which everyone can feel comfortable. By setting a communal standard of *kashrut*, we hope to maintain an environment that creates a shared sense of obligation and community.

Food served by the school

- All food served by the school, or at school functions, events or programs, must come from a kosher-certified bakery or caterer, or from previously unopened, kosher-certified packages. **Products that are prepared in private homes and kitchens may not be served.**
- Events, meetings, and activities that take place outside of the building should not be held in non-kosher establishments.
- All food that is served during class must be provided by an approved kosher caterer or be served from previously unopened certified kosher products. **Products that are prepared in private homes and kitchens may not be served in class.**

Food brought for personal consumption

- All packaged foods brought by students to school must be dairy or *pareve* (i.e. neither dairy nor meat; please note that in Jewish law, fish is not considered meat).

Events Not Sponsored by Schechter (e.g. birthday parties)

Schechter students come from a wide range of Jewish backgrounds, affiliations, and religious practice—and we are proud of our diversity! We are able to come together as a community because we share core values and a desire to create common ground.

Schechter families, regardless of personal practices, are asked to remember the following expectations when planning parties:

1. Keep *kashrut* in mind. The best way of doing this is to serve only food that is supervised kosher (such as pizza from the Crown Market, and/or a cake from the Crown or Big Y). This is the most inclusive and respectful option.
2. If you plan an all-dairy or *pareve* (non-meat, non-dairy) menu, such as plain cheese pizza, from a non-kosher establishment, we are grateful to you for trying to align with our values, but some Schechter families will not be comfortable with this option, and some children may be excluded. Please aim to be maximally inclusive.

Shabbat and Holiday Observance

Schechter observes Shabbat and Jewish holidays.

Schechter programs and activities held on Fridays (or the afternoon before a holiday) must end at least 30 minutes before Shabbat or the holiday begins. Programs and activities held Saturday night (or the evening following a holiday) may begin no earlier than 30 minutes after Shabbat or the holiday has ended. Setup for these events cannot begin until Shabbat has ended.

Birthday Parties

As a member of the Schechter community that has adopted the core values of Wisdom - *Chochma*, Community – *Klal Israel* and Good Heartedness – *Lev Tov*, **please do not hold birthday parties on Shabbat or Festivals**. In addition, all food served at parties or other events should be kosher (refer to *kashrut* policy above). Members of our school community should never be put in a position of having to choose between the observance of Shabbat or *kashrut* and attendance at a social function.

We work hard with our students to teach them the value of inclusion, of not judging others and of learning from everyone. In order for our community to thrive, it is essential that we, as parents, also support this message. When hosting an out-of-school birthday party, please plan your child's birthday party with two of Schechter's Core Values in mind; *Klal Yisrael* - Community and *Lev Tov* - Good Heartedness. When planning parties—for birthdays, bar/bat mitzvahs, or other special occasions—don't leave anyone out! Plan on inviting the entire class, or just the girls, or just the boys. If for some reason you are only inviting 2-3 children, send invitations in the mail.

Bar/Bat Mitzvah Services and Celebrations

Aligning ourselves with our core values of *Klal Yisrael* (Community) and *Lev Tov* (Good Heart), it is our practice to invite all of the middle school students and Schechter faculty to your child's Bar/Bat Mitzvah service.

ACADEMICS

Report Cards

At Schechter, teachers evaluate students' work in a variety of ways. In grades K-8, the report cards are skill- and mastery-based: each student is assessed by what extent he/she has mastered the specific skill. From EC2-5th grade, letter or number grades are not used on report cards, while the Rogow Middle School does assign letter or number grades to students' work.

Middle School grading scale

97-100 = A+ 93-96 = A 90-92 = A-

87-89 = B+ 83-86 = B 80-82 = B-

77-79 = C+ 75-76 = C

Below 75 = Incomplete, leading to a plan for how the student can learn and demonstrate an acceptable level of mastery

Support Services

Guided by our mission and our commitment to individualized learning, Schechter seeks to provide an outstanding education to all of our students. Most students will thrive within the framework of our regular classroom program. However, some students benefit from additional tutoring, either for extra support or extra challenges.

At Schechter, we have a team of specialists who work together to support students. The team is led by Sarah Montag, our Director of Teaching and Learning. The Director of Teaching and Learning works with the Learning Support Specialist, School Counselor, School Nurse, and teaching teams to review the needs of individual students, develop plans to support each student, and implement the plan. Throughout the process, parents are brought into the discussions to provide feedback, share their ideas, and be a part of the support team. This team works with all students in the school. The team may recommend the support of a speech and language clinician and an occupational therapist, who can provide support services at the school on a fee-for-service basis.

At any time during the school year parents, teachers, or students with questions or concerns about a student's progress can speak to the classroom teacher and reach out directly to the Director of Teaching and Learning for students in Kindergarten through eighth grade, or to the EC Coordinator for students in the Early Childhood program, for support. If necessary, Schechter personnel will assist parents in requesting evaluations and related support services from the public school system.

Most services are delivered during regular school hours and coordinated with classroom schedules and activities. As needed, support personnel collaborate with teachers to modify materials and classroom programming to meet the needs of individual students. In some cases, support service personnel provide direct services to individuals or small groups in the classroom, in a resource room, or in the office of the specialist.

Steps to Refer a Student to Academic Lab Support

1. Parent discusses concerns with student's teacher.
2. Parent/teacher complete form for referring student to Academic Lab (form goes to the Learning Specialist).
3. Learning Specialist receives referral form, discusses reasons for referral with parent/teacher.
4. Learning Specialist meets with student's team of teachers to discuss reasons for referral.
5. If need is indicated, Learning Specialist asks parent(s) permission to evaluate student using the Woodcock-Johnson Tests of Achievement (a comprehensive collection of tests measuring level of achievement in reading, mathematics, written language, and knowledge), the Test of Written Language (a norm-referenced, comprehensive diagnostic test of written expression), or another reliable assessment as appropriate.
6. After testing, the Learning Specialist meets with parents to discuss results.
7. If a student is in need of support, a plan will be created for classroom teachers, and the amount of time spent in the Academic Lab will be established.
8. Periodic and ongoing reevaluation will be planned to assess need for intervention.

Lockers (used in the Rogow Middle School)

Each student is assigned a locker. All books, jackets, notebooks, personal items, etc. must be stored in the student's locker. Students may not put their belongings in another student's locker or in an empty locker. Nothing is to be stored on top of the lockers.

- If a student's backpack, after it is emptied, does not fit in the locker, it will be placed in a designated space. Backpacks left in the hallway will be taken to the office.
- Students should not bring large amounts of money to school. Money is not to be stored in lockers. If a student is collecting money for a social action project, it should be given to a teacher to be locked up for safekeeping.
- Food or beverages may not be stored overnight in lockers.
- Electronic devices may be stored in lockers at the student's own risk. The school is not liable for damage or disappearance.
- Students may not open other students' lockers.
- Students may personalize their lockers, as long as nothing is written or attached to the outside of the locker. Scotch or masking tape may be used; no stickers, please. Students are responsible for removing all decorations and tape at the end of the year. All decorations must be in good taste and consistent with Schechter's core values.
- Lockers are school property, and the school may elect to open any locker at any time.

SPECIAL EVENTS

Field Trips

Our ability to offer field trips will be based on local Covid infection rates and consultation with our medical team, the Connecticut Department of Health, and other relevant public

health authorities. We hope to offer the trips because they are a regular part of the Schechter curriculum. Parents will be asked to sign and return a Universal Field Trip Permission Form to the School Office granting permission for their children to participate in all field trips during the year. Parents will be notified in writing before each trip as to the time and place. All trips are chaperoned by Schechter staff and, sometimes, by parent volunteers.

Students are expected to act in accordance with the three Core Values of Wisdom, Community, and Good-heartedness toward all individuals they encounter while on trips.

NONDISCRIMINATORY POLICY

The Solomon Schechter Day School of Greater Hartford admits students of any race, color or ethnic origin to all the rights, privileges, programs and activities accorded or made available to students at the school. The School does not discriminate on the basis of race, color or ethnic origin in the administration of education policies, admission policies, scholarships, or any other school-administered programs.

Parent/Student Handbook 2021-2022 Acknowledgment Form

Please review the information in this Parent/Student Handbook

We have read the Solomon Schechter Day School's Parent and Student Handbook and agree to abide by the rules, policies, and guidelines stated in this document.

Parents' Name(s) (Please Print) _____

PHOTO PERMISSION FORM 2021-2022

This parental consent form requests your permission to use images of your child(ren) in our school's materials. We do not identify any children in the images by name. It is important for us to be able to share what goes on at school with the broader community in order to make them aware of all of the wonderful things that happen at Schechter every day. We encourage you to allow us to do so.

Please check one:

- I/We grant to Solomon Schechter Day School the right to use, copyright and publish images and/or videos of my child(ren). Schechter will NOT identify their image by name.

- I/We DO NOT GRANT Solomon Schechter Day School the right to use, copyright, or publish images of my child(ren) in print, video, and/or digital media.

I have read and understand the above:

UNIVERSAL FIELD TRIP PERMISSION FORM – 2021-2022 SCHOOL YEAR

At various times during the school year, we hope to offer our students the opportunity to participate in school-sponsored, off-campus activities. These field trips, which usually occur during the school day, may be related to particular course work, community service, enrichment of the curriculum, or a particular grade event. **Our ability to offer field trips will be based on local Covid infection rates and consultation with our medical team, the Connecticut Department of Health, and other relevant public health authorities.** We hope to offer the trips because they are a regular part of the Schechter curriculum. All trips are chaperoned by Schechter staff and, sometimes, by parent volunteers.

Transportation may be by bus, foot, or volunteer parent drivers. On a field trip, all school rules are in effect. Parents will be notified in advance of the specific details of all field trips – purpose, location, date, mode of transportation, and time of departure and anticipated return.

I give permission for my child/(ren) to accompany his/her class, along with Solomon Schechter Day School Faculty/Staff Members and designated chaperones, on field trips that are planned or will be planned in the current school year.

- In granting permission, I assume responsibility for any damage to person(s) or property caused by my child/(ren) while participating on a field trip.
- If my transportation is by car, I will provide any necessary car seats or booster seats.
- I understand that all School Policies and Procedures, including Discipline and Behavior Principles, will apply to my child/(ren) while on Schechter field trips.
- In the event of a medical emergency, I consent to the decision made by the school or any and all of its agents to the provision of medical assistance, as indicated on the Emergency Contact Information Form currently on file at Schechter.
